5 STI LETTO 5

This is a lotta effort to steal a TV remote control, Barone!

GREENBACK is holding NERO. As he talks, a screen shows the All Encompassing Remote Control in KKB's hands.

6	BARON It's not a TV remote, idiot. The All-Encompassing Remote Control permanently switches off anything it's aimed at, including itself!	6
	The screen shot pulls out to reveal

	Quick cut to him pointing another remote at a large pillar.	
8	KINGKONG BRUNEL (CONT'D) And it works on any object even this important supporting pillar.	8
	He presses it again. The pillar (and the remote) blink out existence. The roof partially collapses onto Brunel.	of

12	EXT. OVERVIEW OF THE ISLAND - CONTINUOUS	12
	A birds-eye map of the Island shows up on screen.	
26	NARRATOR So, thanks to Stiletto's laser- based idiocy, Penfold is stranded with an angry toad here.	26
	A telestrator circles where Baron and Penfold are.	
27	NARRATOR (CONT'D) Danger Mouse is stuck with Stiletto and Rocket Sloth here	27
	DMs position on the other half of the island is circled.	
28	NARRATOR (CONT'D) And KingKong Brunel's base is here, near the top of the volcano.	28
	He circles the volcano at the far end of Penfold's island.	
29	NARRATOR (CONT'D) So presumably Danger Mouse will be trying to get from this island here to this island here. Everyone happy?	29
	He draws a curved line between the two islands. Reveal, all his telestrating has drawn a smiley face on the map.	l

30	BARON Wait here! I will be back with an army to destroy you!	30
	The Baron runs into the jungle.	
	Penfold looks up at the bright sun. Thinks, then takes off his jacket and makes an umbrella using sticks.	
31	PENFOLD Perfect.	31
	A gust of wind blows the umbrella out of Penfold's hands.	
32	PENFOLD (CONT'D) Oi! Come back!	32
	It lands in the ocean, floating with the handle sticking upenfold paddles out to get it. When he flips the umbrella right side up for shade, a fish falls out into his hand.	p.

38	STILETTO He's talking to you.	38
	Rocket Sloth just rolls over and goes back to sleep.	
	DM drops the parts and flips Stiletto out of the harmock.	
39	DANGER MOUSE Stiletto: We need to rescue our friends before the Volcano destroys the other half of the island!	39
	Stiletto hops back in his hammock.	
40	STILETTO That seems like a lot of hard work. I wouldn't call the Baron a friend. I've only know him for many years.	40
	Danger Mouse is irked but before he can say anything, a gi Tyrannotourbus Rex comes out of the jungle and <roars>. I lunges at Danger Mouse, who flips out of the way.</roars>	
41	DANGER MOUSE Good grief! Tyrannotourbus Rex!	41
15	EXT. JUNGLE - SUNSET	15
	The Baron is sitting sadly by himself.	
42	BARON I am alone. Lost. With no friends. And no food.	42
	Nero tugs on the Baron's pants.	
43	BARON (CONT'D) I know I have you, Nero But I am not sure you are edible	43

The Baron slaps his hand over his mouth, in disbelief that he would say such a thing.

17 EXT. PENFOLD'S BEACH - MORNING

17

Penfold wakes on the beach. A figure is standing over him

54 PENFOLD

54

Chi ef? Bar on!

55

BARON So! What are we doing today? 55

Penfold is suspicious, but the Baron gives him a huge (and creepy) smile. A montage starts.

Penfold is lying on the beach. The Baron starts throwing sand over him Penfold tries to get away, but the Baron holds him down. Then the Baron steps back and reveals that he has made Penfold into a sand sculpture of a mermaid. Penfold <LAUCHS>... Until Nero pounces and destroys the sculpture. The Baron tries to drag him away.

The Baron appears out of the jungle with another crab army. Penfold jumps in fright... Until the crabs arrange themselves into a picture of Penfold and Greenback's happy faces, as seen from above. Nero is disgusted and chases the crabs away.

Penfold and the Baron are playing football with a coconut. Nero tries to grab it to stop the game. The Baron, thinking Nero is the ball, kicks him high and out of sight. When he sees what he has done, he <LAUGHS> uproariously. Penfold gives him a look. The Baron looks ashamed like a naughty school boy.

The Baron and Penfold sit together watching the sun set. A tear appears in the Baron's eye. It's the most perfect

There is smoke and fire all around the entrance apart from a narrow path that leads to the door. Nero lands (from being kicked by the Baron) on the path and bounces up to the door way. He looks at the door and makes a <CURIOUS SA514rD>

61	DANGER MOUSE (CONT'D) Stiletto!!	61
21	EXT. PENFOLD'S BEACH - SUNSET	21
	Penfold and the Baron have made an idyllic island camp. Greenback sweeps out their shelter, while a dripping wet Penfold arrives with an umbrella full of fish.	
62	BARON You know, I don't think anything can spoil our tiny slice of heaven.	62
	A burst of smoke. They both turn and where the jungle was before - there is now fire and smoke.	
63	BARON (CONT'D) We're doomed! And all because of my greed for a device which can switch off anything. What good could ever comes from such a thing?	63
64	PENFOLD Erm we could use it to switch off the volcano?	64
65	BARON Dear foolish Penfold; all doomsday devices ever do is make you sad. Sure, one day you turn off a volcano, but the next day you'll be marching on London with an army of robot elephants. Forget the remote. Let's live out what remains of our lives here, as friends.	65
	The Baron is smiling at Penfold. A giant flaming boulder lands between them, almost creaming Penfold.	
66	PENFOLD Doomsday device it is!	66
	Penfold runs out of shot.	
22	INT. JUNGLE - NIGHT	22
	The smoke filled jungle. We find a running Penfold surrour by glowing red smoke and dodging more flaming boulders the rain down from the sky. There are so many he finds himself corralled by them	at

67	PENFOLD HELP!	67
23	EXT. PENFOLD'S BEACH - NIGHT	23
	The Baron sits, lit by the glow of the burning forest.	
68	BARON What a beautiful night to be encased in lava	68
	Something tugs at his trousers. Reveal Nero holding the Al Encompassing Remote Control in his mouth.	I
69	BARON (CONT'D) The ALL Encompassing Remote!	69
	His eyes widen. We see the remote reflected in his hungry eyes. He reaches for it, then stops himself.	
70	BARON (CONT'D) I can't	70
	Nero makes encouraging noises. He reaches for it again.	
71	BARON (CONT'D) I guess one little evil zap couldn't hurt But, my oath If I touch it, I'll lose control! I'll never be a good happy person again.	71
	Penfold's <screams for="" help=""> echo through the jungle. The Baron looks torn.</screams>	
72	BARON (CONT'D) Nero, you decide. what should I do?	72
	Nero <laughs> an evil triumphant laugh.</laughs>	
24	INT. KING KONG BRUNEL'S HUT - CONTINUOUS	24
	Penfold is clinging to a palm tree as the lava flows around it. The tree begins to sink into the lava.	nd
73	PENFOLD Cohcrumbs! This is it!	73
	A silhouette of DM appears on the wall. Penfold is overjoy	∕ed.

74	PENFOLD (CONT'D) 74 Chi ef! You've come back for me!	
	Reveal that it is actually the Baron with Nero is sitting on his head, that creates the ears for the DM silhouette.	
75	BARON 75 No! And this is the third time you've confused me for that rodent. What am I? Not green enough?	
76	PENFOLD 76 I'm j ust happy you're here!	
	Just then, Danger Mouse and Stiletto shoot through the trees, using half of the Mark IV as a sled attached to Rocket Sloth, who is pulling it like a reindeer. DM leaps off dramatically.	
77	DANGER MOUSE 77 Don't panic Penfold, I just have to find a way to use my martial arts skills to turn off this volcano! Hm Might be tricky	
78	PENFOLD 78 It's OK chief, my new friend will save us.	
	DM looks in shock as the Baron produces the Remote and points it at the Volcano.	3
79	BARON That's right - Although now I hold it in my hand, I see an opportunity to rid the world of Danger Mouse!	
	He grows with menace and points it at Danger Mouse	
80	BARON (CONT'D) 80 With you gone, I will rule the-

85	PENFOLD But, friend-	85
86	BARON Silence! If you are any friend of mine, you will forget what happened on this crazy island. Please.	86
87	PENFOLD (smiling) Don't worry, Baron. As an act of kindness, I'll never tell anyone about your acts of kindness.	87
	Baron smiles at Penfold as we track out upwards.	
88	DANGER MOUSE Um What exactly happened while I was on the other island?	88
89	NARRATOR So there we have it! Greenback is evil again and Penfold is reunited with his best friend Danger Mouse. It is as if nothing ever happened.	89
	Cut to: KING KONG BRUNEL climbing out of his suitcase on now volcano-less island.	t he
