CYRIL (CONT'D)

I would never have left if she didn't ask me to- I'm not blaming her- She just... She wanted me to be a different man than I was- A different man to the one she fell in love with, and I couldn't...

Cyril shakes off the heaviness. Takes the kettle-

KAI

-Do you wish you had stayed?

Cyril pauses.

KAI (CONT'D)

Like, I mean... Would you have come with me and mum to Bristol, if I didn't get sick?

CYRIL

I knew you weren't sick Kai.

Kai freezes.

CYRIL (CONT'D)

Not really. But I told her that if you needed me home that badly-enough to make yourself ill -

Junior finishes changing into a silver suit and hoody. Adds a memorial programme to the box of Aoife's things Grandad preserved for him. Flips through a photo album. Spots a picture of young Aoife, Paul, Akosua and Kwabs (as labelled on the back).

In another picture Paul's arm is around Akosua. Junior feels betrayed on behalf of his mum. Takes a sip from the spiked 'Lucozade' bottle on his bedside table. Assesses the connection between Akosua and Paul. They're too close for his liking.

Dane appears in the doorway. Raises an eyebrow at Junior's outfit.
