1 At her campaign headquarters Meg is on the phone to a journalist

5 Let me give you an example: when I was fifteen, they built us

8 and out And I remember thinking, who got to make that shit

19 I sat down with School Governors architects Eventually, they  
20 put the doors back on And I was hooked. This idea that I had it  
21 in my power to change things for the good Another example:  
22 when I was fifteen, realised all the lads were getting home  
23 quicker than the girls because there were paths that they all  
24 took, that we were scared to. So campaigned to improve the  
street lighting through-out the town. / ] v [ š Z À š ~9— a Plight
